Rewiring Your Tangled Circuits

## Day 08 By Avik Jain

After a week of rigorous learning, let's have a break. What is better than reading to refresh the mind? Today we will be **revisiting Logistic Regression** with the help of an amazing article by Saishruthi Swaminathan. All the best!

**To complete this challenge, you have to write one paragraph each on the undermentioned topics:**

1. What did you learn from the article?
2. How confident you are now with linear regression and logistic regression?

To submit your solution follow the undermentioned steps:

1. Post the **link to your solution** on your twitter handle.
2. **Tags:** @\_AvikJain\_ @poojagera0\_0 @gauravkhanna0\_0 @wireus2020
